Sir:

In response to the Office Action dated March 14, 2003, please amend the above-identified application as follows:

IN THE CLAIMS:

Please enter the following amended claims:

2. (Amended) The image display apparatus according to claim 1, wherein said image display mode setting device sets said image display mode by conducting at least one of:

a designation of the image display screen for image display of one image display medium from the plurality of said image display mediums,

a designation of an image display position on the designated image display screen,

a designation of a size of the display image,

a designation of a direction of arranging the display image,

a designation of a process of inverting the display image,

a designation of a configuration of an outer frame of the display image,

a designation of displaying a template image,
